

## Netscape Proxy Configuration

Open the *Internet Options* dialog:  
Click the *Edit* menu and select *Preferences*.

If necessary, expand the *Advanced* category. Click *Proxies*. Select *Manual proxy configuration*. Click the *View* button.

Type: *proxy.caylix.com* into all 6 of the long boxes under *Address of proxy server*.  
Type *3128* into all 6 of the short boxes under *Port*. Click *OK*.
